### **Description of School**

The College of Wooster is America's premier college for mentored undergraduate research. Every Wooster senior works one-on-one with a faculty adviser to create an original research project, written work, performance or art exhibit. In the process, each develops independent judgment, analytical ability, creativity, project-management and time-management skills, and strong written and oral communication skills. Founded in 1866, the college enrolls approximately 2,000 students.
