Description of School

NYU is an private research university. The campus is urban in every way, without gates or walls, and located in Manhattan's Greenwich Village. We have many traditional elements of the college experience like NCAA division III athletics, Greek life, and dining halls. But our students also experience New York City in a way that is authentic and immersive. You can expect to meet students from all over the country and the world while still being able to find a community that makes the country's largest private research university feel like home.
