Description of School

St. Ambrose University is a private, Catholic university rooted in the liberal arts perspective. We are located in Davenport, Iowa which is part of the Quad Cities. The university offers over 60 undergraduate majors and pre-professional programs. Check out all of the programs we offer here. St. Ambrose University encourages students to develop intellectually, spiritually, ethically, socially, artistically, and physically to enrich their own lives as well as the lives of others. With approximately 2,500 undergraduate students, you have the opportunity to get involved in clubs and organizations, serve the community, build relationships with faculty and staff, and much more. With an 11:1 student to faculty ratio, students get the opportunity to get the most out of their education. Faculty and staff also have the chance to assist students in career development, making them the most competitive within their field. This helps our students be successful when entering the workforce. Of our 2014 graduating class, over 90% of our students are employed or have decided to continue their education in masters or doctorate level programs.
